Old Business:

- Discussion continued concerning fences, gates, and lawn structures that inhibit the large mowers from working in some yards.
- Turf Tech has cleaned up the common areas of overgrown weeds and dead trees. One dead tree remains to be removed.
- Chad Rivers delivered and spread pine straw in the front yards of the cluster homes and townhouses.
- Letters will be sent to homeowners who are violating the by-laws regarding maintenance and landscaping by allowing excessive weeds and dead, dying, and unattended trees.

New Business:

- Homeowner, Laine Robinson, had kind words for the HOA board and commended the Turf Tech for the pine straw and all the yard work done during the year. She also commended the neighborhood as being well-tended overall. She especially appreciated the map of Tredegar home sites that Jeff posted on the home page of the Tredegar website under Reminders and Notices.
- Letters have been received from homeowners who are concerned that yards on Conning Court are becoming cluttered. The Board will send letters to homeowners to remind them that yard presentations of the townhomes need to meet the standards and overall uniformity of the neighborhood.
- The issue of tree roots growing to the surface of the lawns in some townhomes was discussed. The board will research the best ways to handle the issue.
